

3.10 Ballasted Roof Mount

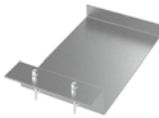

Component

① XP-EC-35D

② XP-R11

③ XP-BS-EBP-AL

④ XP-BS-MBP-AL

⑤ XP-BS-RE-10

⑥ XP-BS-FF-10

⑦ XP-BR-01D

⑧ XP-MC-35D

Specification

Tilt Angle: 0°- 15°

Wind Load: 42m/s

Snow Load: 1.4KN/m²

Material: AL6005-T5/SUS304

Feature

1. Applicable for various modules.
2. Ballast blocks applied without damage of rooftop, thermal insulation achieved; for penetration-allowed rooftops, fixing with expansion/ chemical bolts.
3. Various tilt angles designed for specific projects .
4. Easy & fast installation.
